

Thrapston – August 2021 (Evening walk and AGM)

The weather had turned very wet and breezy during the afternoon, but still 13 people turned up to take part in our short evening walk prior to the Fish and Chip Supper and AGM.

At 6.30pm, having signed in and changed to more appropriate walking attire, Finbarr led the group through Thrapston and past the Health Centre before walking across the bridge to the Mill.

There were a lot of ominous looking clouds above us, but we were optimistic.

We then walked along a good track beside the River Nene where we could see the church spire in Aldwinkle ahead of us. There were a couple of easy stiles to climb over, but that was the most difficult part of the walk and all the paths were good, with only a couple of areas of mud to avoid.

Despite the earlier rain, during the walk we only had a little drizzle which eventually eased off so that we finished in the dry, albeit a bit breezy, as we walked alongside the moored up boats back towards Thrapston.

We did stop to watch the Sea Cadets having fun in their kayaks and other boats on the lake.

Once back at the Church Hall, we swapped wet footwear for dry and gathered in the hall ready for our Supper served with tea or coffee. The AGM then followed.
